

## Hip Hop School

- Organisation:** Hip Hop School
- Aim:** The Hip Hop School is aimed at young people who like to dance, rap and sing.
- Bursary amount:** £2,000
- Spend:** The money has been generously spent on providing the young people with a variety of workshops, from DJ-ing and rapping, to dancing, signing and song writing.

The young people involved have put on a number of professional performances, including a fun day in aid of Children's 1ST.

A number of the young people involved in the singing and song writing workshops have even recorded a single called 'Mad Scientist'. They recently performed their single at the Wizard Festival, where the line up included the Red Hot Chilli Pipers, the Buzzcocks and Idelwild.

The workshops have offered over 50 young people the chance to do something different this summer holiday.
